Specs

- Bayonet locking
- IP67, IP69
- -40...+125C
- >500 mating cycles
- 27+PE Insert
- 10A, 300V
- Size 20 shell
- Zinc Die Cast Shell
- IEC 61984
- IEC 60664-1
- RoHS Compliant
- Flammability V-0 acc. UL94

Markets

- Machinery
- Robotics
- Railway
- Energy

Applications

- Distribution boxes
- Controls equipment
- Robotics
- Reclosers
- Intralogistics equipment
- Switchgear

Feature

Advantage

Benefit

- | | | |
|------------------------------------|--|--|
| ■ Bayonet Locking | ■ Quick, easy connection | ■ Time savings and security |
| ■ Modular Insert Concept | ■ Various inserts can be assembled in the same shell | ■ Ultimate design flexibility ■ Inventory optimization |
| ■ HARTING Crimp contact compatible | ■ Well known and established contact use | ■ Widespread availability ■ Assembly optimization across various interfaces |
