

eCon 2080 Full Gigabit Switch

Pushing Performance
Since 1945

Description

We are pleased to inform you about our new addition to the eCon switch portfolio. The eCon 2080 Full Gigabit switches now enable an even more compact solution for 8 ports. The new switch in the flat dimension was reduced in width to 60 mm for a better integration on the DIN-rail in industrial cabinets.

Specs

- 8 port
- Rj45 terminals
- 10/100/1000 Mbit/s
- QoS support to prioritize automation protocols
- Metal housing
- Support of jumbo frames (frame size up to 9216 bytes)
- Nominal Voltage 24/48V
- -40C...70C
- IP30 mated
- MTBF ~1015,000h

Markets

- Machinery
- Robotics
- Railway
- Energy
- Automation

Applications

- Distribution boxes
- Control Cabinets

Feature

- Dimensions = 60x27x113mm
- Supports gigabit on all ports

Advantage

- Space reduction
- Flexibility for port usage

Benefit

- Increased density opportunity
- Universal switch
- Future proofed
